a worse than none at all. Let the truth be repeated that vaccination not more than a month old has utterly failed to protest the Berks County Almahouse from the spread of this disease. The advocates of vaccination may take this nut home and crack it at their leisure.

A PHYSICIAN.

Wernerwille, Berks Co., Penn., April 16, 1881.

[This is wide of the mark. The charge of criminal indifference was based on the fact that a bedead from a cot on which a convalescent smallpox patient was lying was thrown into the yard, re it was picked up by the children and played with. The spread was subsequently sent to the laundry and washed with the children's clothes. The result was an outbreak of the disease. How the first patient caught the disease we do not know, but it is only too clear that the pauper children suffered from the criminal carelessness of nurses and attendanta.-Ed.

REPUBLICAN SENTIMENT.

Sin: The editor of The Tribune.
Sin: The editorials in your columns entitled "The President Shall Nominate," and "The Vicious Cir-ele" are logical and convincing. They cover the whole ground, and express the Republican sentiment. How many responsive "Ayes" have been echoed through the long line of your readers you will never know. The vicloss principle struck at in those articles, if persisted in and made successful in operation, would threaten the destruction of our nationality. Let me repeat your words: "The time has gone by when public offices were elled out to members of the Legislative branch of parcelled out to members of the Legislative branch of the Government as their personal perquisites to be dis-tributed among their friends, or used to strengthen po-litios rings and machines:" and also those of the sec-ond article: "Senators who lead themse west to a scheme so arrogant and revolutionary will soon find themselves pulling for life against a current of public opinion which will surely sweep them away." A. J. CAMPBELL. New-York, April 6, 1881.

FROM GENERATION TO GENERATION. To the Editor of The Tribune.

SIR: Yesterday being the anniversary of Sir: Yesterday being the anniversary of the surrender of Fort Sumter, the "Sumter Guards" of this place paraded during the day and had a supper. I noticed during their parade that the American flag was only conspicuous by its entire absence. An old and very much tattered rebei flag was carried very prominently. I noticed another fact which I think is of more significance than the absence of the flag of the Union, namely, that all who marched through the streets and partook in the parade were young men. Some of them could hardly have been born when the war broke out, and I don't think any of them were old enough to remember even the close of the war. That the young men of the South should take every opportunity to revive the memory of the Rebellion is, I think, an outcome of the "education at their mothers' knee "that we have heard so much of, and bedee no good to the permanence of "Union. Charleston, & C., April 14, 1881. A SIGUENER.

[The difficulties in the way of constructing Southern women were pointed out by Jefferson Davis, with a thrill of pride, at a time when the memories of the war were fresher than they are now.-Ed.

PUBLIC OPINION.

If there is such a thing as a Republican party represented in the Senate, and it did really elect Mr. Garlield President, let it promptly support his proper appointments.—(Hartford Courant (Rep.)

appointments.—[Hartford Courant (Rep.)

It is a good deal more important to keep the skirts of the Republican party clear from the taint of repudiation that to organize the Senate, or even to carry Virginia this fall.—[St. Paul Pioneer-Press (Ind. Rep.)

The Republicans of the North hail the independence of Mahone as one of the indications of a break in the dominant party of the South, which has denied justice to the enfranchised race and shown discenser for the Federal authority.—[Milwaukee Sentine] (Rep.)

THE BOURBON FURPOSE.

From The Boston Journal (Rep.)

The ultimate object of this war upon Mahone can easily be understood. Whatever else they may profess, the Morgans, Johnstons, Hamptons. Butlers, Hills and Vests of the Senate propose to keep the South solid during the next four years by the tactics by which they have retained their ascendancy during the past four years, namely, the ostradism of native whites who engage in independent political movements, the intimidation of the negro and general frauds upon the ballot-box. In other words, having practically overthrown pepular Government in the greater part of the South, they propose to continue their usurpation.

bly cost the city much more, as there was a large number of men who really held sinecures and did not work to speak of. W. H. Webb testified that the erection of stone bulkheads was "a wickedness." Isaac E. Smith, a lumberman, considered the present system of building bulkheads with stone a failure, and protested against it as a taxpayer. Henry N. Beers, secretary of the Conneil of Municipal Reform, showed the great increase of the annual expenditures of the Dock Department within the last fifteen years. In 1866 the expenditures were \$33,000, and in 1867 \$87,000; and since then they have averaged from \$500,000 to over \$1,000,000 a year. With the exception of the stone bulkheads, the piers were in very little better condition now than in 1867.

The Committee then adjourned until to-day.

STEALING SEWING MACHINES.

Edward Stedman, age twenty-three, of No 234 West Nineteenth-st., has been employed by the Palmer Sewing Machine Company for some time. He sarried the keys to the storerooms of the company and he was a trusted employe. The company re-21,050. The officers of the company did not know who had committed the thefts, but they were in-formed Thursday by Henry M. Johnston that Sted-nan when intoxicated told him that he had com-mitted the theft. Stedman was arrested and taken to the Jefferson Market Police Court yesterday persing. He denied stealing the machines, but was to answer in default of \$1,500. Hing Lee, a Chiaman, appeared against Stedman, and accused in of stealing some shirts from his laundry in lightly-we.

ANNIVERSARY OF THE OLD GUARD.

The Old Guard celebrated yesterday the thirteenth diversary of its incorporation. The members, to mber of about one hundred, met at the armat Fifth-ave. and Fourteenth-st., and, preceded lworth's Band, marched up Fifth-ave. to the sch of the Holy Trinity, arriving there at 5 p. m. saids of the Holy Trimity, arriving there at 5 p. m. stder of exercises consisted of music by the singing by the choir, quartette and congregative to the stder of the stder o

SHOOTING AT A THIEF.

Doyle had his attention attracted night to Edward Leroy, alias "Counors," ve years old, of No. 87 Forsyth-st., who was in the doorway of the drygoods store of J. allivan, at Fourteenth-st. and Third-ave., ting in his hand a revolver. Leroy started and Doyle commanded him to stop. Instead the Levy duried off. He was finally cap-thered ave. and Thirteenth-st. after five

THE STATE CAPITAL.

THE M'CARTHY CHARTER PASSED. ONLY TWO DISSENTIENTS - MORE AMENDMENTS MADE.

[FROM THE REGULAR CORRESPONDENT OF THE TRIBUNE.] ALBANY, April 22.-The McCarthy Charter bill for New-York was passed in the Senate to-day. As the bill now stands the Mayor of New-York may appoint the heads of departments with-out the consent of the Board of Aldermen. The number of heads of departments is reduced, and the places of several Commissioners whose terms expire in May are not to be filled. The Departments of Police. Commissioners each. The Department of Docks remains as before with three Commissioners. The Fire Department and that of Charities and Correction are to be shorn gradually of Commissioners till they enjoy only one chief. The Board of Apportionment is given increased power of supervision over the expenditures of the de-

To-day, on motion of Senator Strahan, the bill was so amended as to give \$25,000 annually from the excise money to the Police Pension fund. The members of the police force were likewise exempted from paying \$2 monthly for the support of the fund, as is proposed in the Carpenter Police Pension bill. In support of his amendment Senator Strahan argued that it w a especially appropriate that the police should receive this aid from the Excise funds, as they were practically compelled to enforce the Excise laws. It would also, he argued, lead to a keener watchfulness of unlicensed liquor stores by

the police. Senator Forster yesterday succeeded in transferring the care of the streets in the Twenty-third and Twenty-fourth Wards from the Park Department to the Department of Public Works. To-day a further amendment to the charter was made at his instance. This was to take from the Department of Public Parks the mapping out, widening and opening of the city north of One-hundred-and-twenty-fifth-st., and give that power to the Board of Street Openings and Improvements.

The "Charter" was passed by a vote of 20 to 2. The regative votes were given by Senators Hogan and Sechacher. They stated that they voted against the bill because they thought the requirement that the Aldermen should be elected by Senatorial districts and by a minority system of voting was unconstitutional.

A motion of Mr. Fowler that the Surrogate shall have the power to appoint his clerks, assistants and subordinates, was adopted.

A motion of Mr. Rixby, on behalf of Mr. Forster, that the heads of departments and their assistants shall attend excinsively to the duffes of their offices and not engage in any other business, was lost.

NOXIOUS ODORS IN NEW-YORK. REPORT OF A SPECIAL COMMITTEE-MESSAGE FROM

[PROM THE REGULAR CORRESPONDENT OF THE TRIBUNE.]

Albany, April 22.-Messrs, J. Savage Delavan, Erastas Brooks and Dr. E. Harris, comprising a committee of the State Board of Health, prepared a report concerning the stench nuisances in the vicinity of New-York. So important were deemed the results of the inquiry that the State Board transmitted the report to Governor Cornell, who in turn sent the following mes-

Governor Cornell, who in turn sent the following message to the Legislature to-day:

A special report of the State Board of Health with reference to certain nuisances existing in the vicinity of New York and Brooklyn which semonsly affect the confort and health of the residents of those cities is herewith respectfully transmitted for the consideration of the Legislature. It is a noterious fact that particular kinds of business, including the refining of petroloum, the utilization of animal offal, the manufacture of fertilizers and cream tartar, and the storage of magners, all conducted on a large scale in and near the metropolis, have been very effensive from the emanation of nexions approx and stenches, which are denounced by the metical profession as the cause of many kinds of disease. The recent investination by a special committee of the State Board of Health warrants the belief that many of the collecting causes may be easily removed; at least, rendered much loss nauseous and hurthii than heretofore. This subject involving as it does the health and well-being of nearly two millions of people, is worthy of your serious attention, to the end that all necessary legislation may be secured to avert the danger now imminent.

The message was listened to with deep attention by

the Senate. Doubtless as the result of the message

THE BOULERON FURLICANT.

The ollithing chipses of this war upon Mahone can easily be understood. Whatever clear they may prose the borgan, Johansons, Hambons, Hamptons, Buller, Hills deright the next four years by the sectice by which they have retained their accordancy during the past four years and the regard of the section of the message was listened to with deep attention by have retained their accordancy during the past four years and the regard of the section of the property of the section o

works.

The committee feels warranted in the assertion that fully 90 per cent of the total nuisance of stenches complained of is the direct result of needless and culpable negligence and failure to adopt and enforce suitable rules and regulations, and to adopt the most approved means for preventing such nuisances.

The treatment of sludge acid so as to deprive its manufacture of terrible odors, is so plain an obligation that the committee believes it is the duty of every local Board of Health to declare a neglect to do this a misdemeanor.

Board of Health to declare a neglect to do this a misde-meanor.

The stenches that emenate from the super-phosphate materials are so intolerable that the question is asked whether this kind of nuisance can be properly permitted in the near vicinity of a populous district. The committee answer the question by saying that as now managed the process of making the phosphates is sure to free certain intensely offendive odors. These circumstances warrant the positive exclusion of this class of stench-producing factories from the cities. The committee finds that the fertilizer factories are nuisances that ought to be wholly excluded from the city limits.

GENERAL BUSINESS. THE ASSEMBLY CONFERENCE COMMITTEE ON STREET-

CLEANING APPOINTED.

[FROM THE REGULAR CORRESPONDENT OF THE TRIBUNE.]

ALBANY, April 22.—Speaker Sharpe appointed to-day as members of the conference committee on the Street-Cleaning bills E. A. Carpenter, Hamilton, Brodsky, Andrews and Browning. The three Repub-licans are thoroughly committed to the Assembly bill; Mr. Andrews may be considered as Mayo Grace's representative in the committee; and Mr. Browning of John Kelly. This conference committee will not meet that of the Senate till Tuesday. As yet no terms of compromise between the Senate and Assembly have been suggested by the leading men of the Legislature. It is the general expectation that the two Houses will find some common ground of agreement before final

adjournment.

Mr. Brooks's bill authorizing the Board of Health of New-York to expend money in excess of its annual approprintions to suppress contagious diseases was ordered to third reading by the Assembly.

Senster Strahan's bill authorizing the Mayor of New-York to appoint a commission to consider the subject of an increase of the water supply of the city was reported avorably by the Senate Committee on Cities.

of Long Island City, which was ordered to a third reading; relative to exits from theatres in New-York; providing for the annexation of North Brother's Island, Queens County, to the City and County of New-York; for the preservation of good order in New-Utrect and Gravescud; amending the net regulating the sale of intoxleating liquors, being Senator Loomis's bill; to regulate the sale and manufacture of oleomargarine, being Mr. Hunter's bill; to secure to the inhabitants of the Twenty-fourth Ward of the City of New-York the advantages of common school instruction. On motion of Mr. Andrews, the bill to prevent accidents on elevated railroads, was ordered to a third reading. On motion of Mr. Brooks, the bill to establish the exterior line of the Northern shore, Staten Island, was ordered to a third reading.

The bill to amend the charter of Yonkers was passed in the Senate. A bill was introduced in the Senate to regulate the protection of railway crossings in Kings County.

In response to the resolution offered by Mr. Brooks, as to the time required for completing certain portions of the new Capitol, Mr. Eaton names May 1, 1882, and says that the work would require an expenditure of \$2,209,549.

In the Assembly Mr. Derrick offered a resolution, citing that it has been reported that the United States Life Insurance Company, of the City of New-York, has closed many of its agencies for the purpose of causing losses, or the "freezing out" of policies, to reduce its liabilities, and that the company is business in detail.

The Governor has signed the following bills: Incorporating the Metropelitan Trust Company, of New-York. Incorporating the Lincoln Club of New-York.

LOUISIANA TO BE SUED.

ALBANY, April 21.-Attorney-General Ward Atlance And All 21.—Attorney to be begun on behalf of this State against Louisiana, upon overdue coupons of bonds. The writ is brought under chapter 298 of the laws of 1880, which authorizes the State to she on claims assigned to it by the critizens of the State. These claims are held in New-York City. This is the first action Instituted under the law, and involves commerce of important legal questions.

SAILING FOR EUROPE TO-DAY.

LARGE NUMBER OF DEPARTURES. BEGINNING OF SUMMER EXODUS-FIVE STEAMERS LEAVING PORT TO-DAY.

earlier this year than formerly, and from present indica-tions the number of passengers will be greater than durtions the number of passengers will be greater than durting any season since the Par's Exhibition. In former
years the steamers carried few pleasure travellers before
the end of May, but this year the demand for borths has
begun hearly a month earlier than usual. At the principal steamship companies offices it is said that applications are made daily for places in the best known steamers up to the middle of August. The demand for places
in the months of June and July is very great, and
soon all the desirable berths will be engaged.

Five steamers will said to day the City of Berlin of
the Inman Line, the Mossel of the North German Lineal
Albertin of the Anchor Line, and the Dassenfers
on the City of Berlin are Colonel Mapleson and wife,
Charles Maeleson and wife, and many members of the

FOR LONDON-BY STRANSHIP ALEATTA

Miss A Brings Miss Jane Cook Mrs C Moscow

CHICAGO, April 22.-The water here during the night receded four inches, and the mills, etc., which were stopped by the flood, have resumed operations. Householders are beginning to get their first floor

flooded section.

Specials from Topeka, Kan., say that soaking rains have visited all parts of Kansas within the last forty-eight hours, and Land Department bulletins state that the large rainfall has been of great benefit to the grow-

eight hours, and Land Department of the three rainfail has been of great benefit to the growing wheat.

A dispatch to The Devily News from Omaha says; The water rose steadily all highl, and is now six inches higher than at the late rise, or than ever known before. The damage is not likely to be serious and will arise chiefly from the interruption of business and moving of stock. The river is still rising, and the prospecte are anything but reassuring.

Sioux City, Iowa, April 22.—The Missouri River is

still rising at this point, and is now fully one foot higher still rising at this point, and is now thilly one foot higher
than at any previous time this season, and also higher
than at any time recorded in the history of the city.
It is reported to-day that the last of the imperilled
Dakota sufferors have been rescued from their watery
surroundings and taken to piaces of safety. Supplies
for them are coming in; and as fast as they can be
placed within the reach of the sufferers the demand for
food and clothing will be fully met.

BISMARCK, Dak., April 22.-The Northern Pacific Railroad, which runs for a considerable distance west of the Missouri in the valley of the Heart River, is having a Missouri in the valley of the Heart River, is having a great deal of trouble with wash-outs; over twenty of the pile bridges are gone. The river is still over the bank at some places, and Mandan bas two feet of water in its streets, as well as large quantities of ice, yet unmeited. More damage is likely to occur. The Northern Pacific Company is working hight and day forces, with three pile-drivers, repairing the bridges.

QUINCY, Ill., April 22.—The low land above and below

Quincy, ill., April 22.—The low land above and below Quincy is entirely inundated, the Mississippi River at this point being now five miles wide. Little damage has been done in the city, excepting in causing the temporary suspension of several of the large manufacturing catabilishments along the levee. The most serious loss will be from the flooding of thousands of acres of farming land and from the washing away of the read-beds of several of the railways leading to the West from Quincy.

In the Senate to-day Mr. Pitts offered a resolution anthorizing the Committee on the Judiciary to subponation was adopted.

Mr. Sessions, from the Special Joint Committee on Mr. Sessions, from the Special Joint Committee on Assessment and Taxation, reported the bill defining the term "land." The following bills were also reported: Selative to the streets of Brooklyn; for a better supply of water in New-York; relative to buildings in New-York; to incorporate the New-York Storage and Security Company; for the lease of lands to the German rity Company; for the lease of lands to the German Hospital; amending the act revising the charter

HELPING ONE ANOTHER.

ACTION OF MUTUAL BENEFIT SOCIETIES. MEETING AT COOPER UNION TO PROTEST AGAINST A RECENT VETO BY GOVERNOR CORNELL-SPEECHES BY ROBERT COLLYER, DR. HEPWORTH AND OTH-

night with an andience which gathered "to protest against the action of Governor Cornell in vetoing a bill, passed by unanimous vote of the Senate and Assembly, for the protection of mutual benefit as-sociations." Delogations from various mutual ben-

known men occupied the platform.

A. B. Tappen was introduced by J. Henry S nith as chairman of the meeting. Mr. Tappen made a short speech, in which he stated the object of the meeting. He said the Legislature was nearly at the end of the session and prompt action was necessary. It had passed a bill for the protection of mutual benefit associations. The measure was in harmony with the wishes of the people, who want to govern their own affairs; but Governor Cornell had vetoed it because, perhaps, the life insurance companies found the mutual benefit societies in their way. These companies had built costly palaces and were under heavy expenses, and did not want this honest competition of the societies. The bill was passed unanimously, and, con rary to custom, the Governor had vetecd it without even giving those interested an opportunity to be heard. It was this action which the meeting desired earnestly to protest against.

against.
A list of vice-presidents and secretaries was then rend, among which were the following names: Robert Lenox Kennedy,
W. A. Nach,
John M. Grone,
J. W. A. Crone,
J. W. A. Canp,
J. V. Meserde,
Lilwood E. Thorne,
Samuel S. Conant,
Russeli F. Hoyt,
Letter ware.

Russell P. Hoyt,

Letters were read from George William Curtis,
Alexander Gardner and others, sympathizing with
the purpose of the meeting. Elizar Wright, of Hoston, stoke of some of the "tricks of insurance companies," and gave illustrations of their manner of
deing business. He spoke of the failures, and of receivers who receivers done on the failures, and of receivers who receive forever, the expensive manner
in which the business is curried on, and of the needs

of 4 rook, then rend r solutions condemning they Cornells a from bloch were adopted and of to be sent to the Legislature.

Umptre—Richard Higham. Time of game—1 hour and 25 minutes.

The Providence League Team will play to-day with the Metropolitan Club at the Polo Grounds. The batting order of the players of the Providence Club is as follows: McClellan, s. s. Start, I b., Hines, c. f.; Farrell, 2 b.; Radbourn, r. f.; Ward, p.; Grose, c.; Denny, 3 b.; York, l. f.

BASE-BALL NOTES. Creamer, the second-baseman of the Worcester Club, is suffering with rheumatism.

The Buffalo Club defeated a picked nine at Buffalo on The Buffalo Cub deleased approach as Thursday by a score of 11 to 2. The Princeton College and National Clubs played a game of base ball at Washington on Thursday. The Princeton Cub was defeated by a score of 2 to 1.

The St. Louis Club has reorganized for the season with McGinnis, pitcher: Decker, catcher; Graft, Oberbeck and McCaffrey on the bases; Gleason, shortstop; Hantz, Cunningham and Schenk outfielders.

MR. BEECHER REPLIES TO CRITICISM. In his lecture last evening Mr. Beecher com-

mented as follows on some of the utterances drawn out by the incident he recently detailed in Plymouth Church his sending a girl who wished to enter the Roman Catholic Church to a priest: "I read in a Roman Catholic Cathelic Church to a priest: "I read in a Roman Cathelic paper, published in New-York, this afternoon, the remarks about my sending a girl to that Church. I supposed it would be gratifying to the members of that faith, but it seems it was not. The paper says Mr. Heecher thinks it makes no difference whether a person is in any church or in no church; that all religion is a matter of indifference; that there is no true destrine, and that it is of no matter what a man believes, and that it is of no matter what a man believes unless it makes him better than this snaring editor. That doctrine is right that makes a man right and that church is right that does the most to develop true men. The value of any given doctrine depends upon its power to develop Christ in human mature. Whether orthodoxy or infidelity, one church or another, that is best by which Christ is born in the souls of men 1 and 13 to be valued.

by the developed qualities in men. For most things I think men have a better chance in our church than in the Roman Catholic. But if a man can find Christ best developed in the Roman Catholic church. I bid him God speed and say, 'go on'; not because it is best but because it may be sufficient to form Christilkoness in him. The object of the church is not to show graces but as a school to train men, to stimulate graces in them. It is serious business to join the church, but far more serious not to join. It is a matter of transcendent importance."

SHOT BY A REJECTED LOVER.

F. L. Dean, a clerk, twenty-two years old, was arrested last night by Officer Halcker, of the Eighteenth Precinct, charged with shooting Bradley 8. Osborne, of No. 157 East Twentieth-st., in the hand with a pistol. Dean had been courting Mr. Osborne's servant girl, who is pretty, for some time. Yesterday the girl complained to her employer that Dean had become obnoxious to her and refused to cease his visits. He went there hast night and was refused admission by Mr. Osborne, who attempted to drive him away, when the lover drew a pistol and fired, the ball taking effect in Mr. Osborne's hand. Aided by his son the injured man disarmed Dean and handed him over to the policeman, who leeked him up in the Twenty-second Street Police Station.

BOY BURGLARS ARRESTED.

Six boys whose ages ranged from seven to thirteen years were arrested last night and locked up on a charge of burglary. They were discovered in the office of John Fitzsimmons, manufacturer of fancy cards, at No. 254 Canal-st., and it was learned that a number of he is 2.5 cannot, and it was inside that almost of the office formed the attractions which had tempted them to the theft. In order to get at the cards they had broken a grating of a basement window of No. 106 Centrest, and having passed through that building they managed to get into the Canal st. building.

MIDNIGHT WEATHER REPORT.

GOVERNMENT INDICATIONS.

Synopsis for the past 24 hours.

Washington, April 23, 1 a. m .- The bar high barometer includes the Lake region, the Ohio Valley, South Atlantic, and the southern portion of the Middle Atlantic States. The statement made by the Thurbers that Judge West-brook decided that their "Smide of the Kilchen" was not an infringement of SAPOLIO, take high rank among the catalogue of "Taurber Romances." Judge Westbrook simply dissolved a temporary injunction pending the train of the case upon its merits. It was tried upon its merits, appealed by upon its merits. It was tried upon its merits, appealed by the Thurbers to the full bench and decision confirmed, all the judges concurring. Danages were awarded SAPOLIO for the intentional injury asstatued by it and the public.
